

## electronic WhiteBoard (“eWB”)

- A virtual whiteboard designed for the Shipping Industry

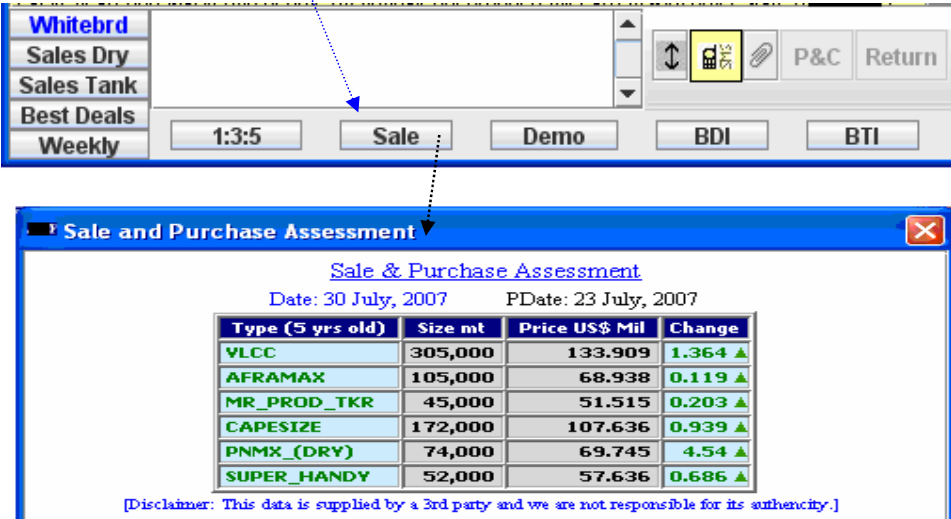

### “Data feeds”

The electronic *virtual* Whiteboard (eWB) system is a low-cost, professional system for instantly sharing *your internal office/market information*. *On-screen team-market whiteboard for any department, accessible at all times, from any location.*

The extreme flexibility of the whiteboard system offers integration to *internal or external data*, to *feed analysed data directly to your market info whiteboard*, plus the ability to further analyse data, produce comparison and graphs... and access this on your PC, laptop or PDA!

- Baltic daily and weekly Indices
- In-house or externally sourced T/C Period and Spot rates
- Internal database information (e.g. Sold logs, Fixtures etc.)

1) **Baltic Indices:** The S&P-Info Messaging Template is extended for up-to-date **Baltic Indices automatically analysed and fed directly to your whiteboard** (Baltic terms apply): *Click and view...*

The screenshot shows the Whiteboard interface with a menu on the left containing 'Whitebrd', 'Sales Dry', 'Sales Tank', 'Best Deals', and 'Weekly'. The 'Weekly' menu is expanded, showing options like '1:3:5', 'Sale', 'Demo', 'BDI', and 'BTI'. A blue arrow points from the 'Sale' option to a pop-up window titled 'Sale and Purchase Assessment'. This window displays the following data:
