

electronic WhiteBoard (“eWB”)

- *A virtual whiteboard designed for the Shipping Industry*

“SMS Texting”

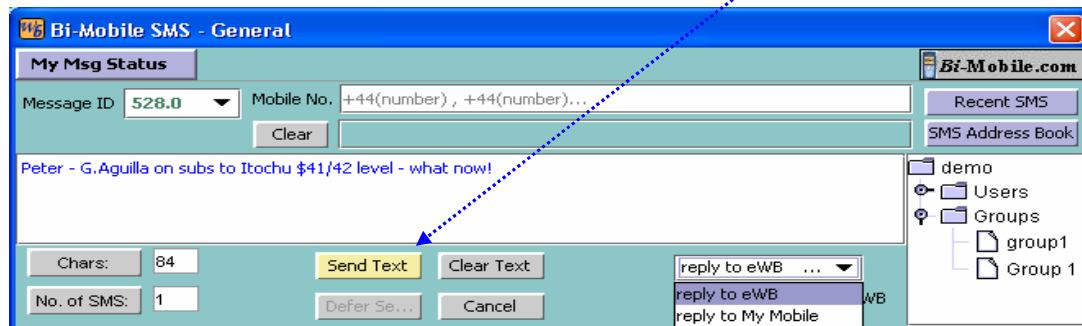

The electronic *virtual* Whiteboard (eWB) system is a low-cost, professional system for instantly sharing your internal office/market information. *On-screen team-market whiteboard for any department, accessible at all times, from any location.*

The extreme flexibility of the whiteboard system offers integrated Text-to-Mobile from the keyboard, plus the ability to send and receive an SMS from your mobile directly into the market info whiteboard, for your colleagues to review.

- Send texts to mobile phone from the keyboard/office whiteboard
- Group and address book sending
- Send an SMS text from your mobile phone to the whiteboard

Text a colleague/client, instantly: The Standard eWB is supplied along with the ability to send and receive SMS text messages - fast, efficient and effective way of getting urgent information or messages to colleagues and business associates:

Type, click and send...

- Bi-directional SMS *texting from your mobile phone directly into the office eWB*
- Important market information contained in eWB easily routed to Mobile phones
- View and add important information to the Market Board from anywhere!

Online Address Book: Allows for sending SMS texts, by one box-tick, to business contacts, groups, personal mobile numbers and work colleagues.

SMS Divert: Allows for all important messages by specific department or user, to be automatically diverted to your mobile phone. This facility can be disabled via an SMS text.

Incoming SMS messages: Allows for alerting colleagues at the office whilst on the move.
