

## electronic WhiteBoard (“eWB”)

- *A virtual whiteboard designed for the Shipping Industry*

### “Team Sharing”

The electronic *virtual* Whiteboard (eWB) system is a low-cost, professional system for instantly sharing your internal office/market information. *On-screen team-market whiteboard for any department, accessible at all times, from any location.*

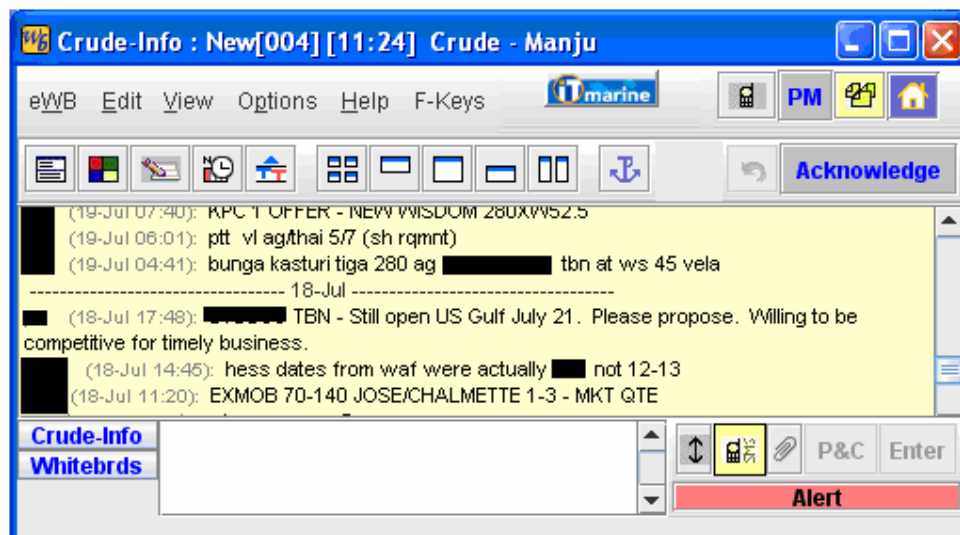

The eWB offers all organisations a *positive benefit* in the ability to *instantly share and record their private, internally distributed, market information* and access this information, securely, from anywhere in the world!

.....  
*Any department can now:*

- **Always stay in touch** with the latest market information shared ‘internally’ amongst team colleagues, by virtue of the **PDA/Blackberry interface to the whiteboard**
  - Integrate the **Baltic Indices feeds** directly to whiteboard to instant review locally or remotely
  - Integrate a structured database for recording **Sales (SNP), Fixtures (Tank/Dry)** or other Excel like functionality with a **database capture of your information history** search and display
  - Display **‘Rates’** or **‘Weekly Summaries’** on a *virtual scrapbook* for instant, **simultaneous review by any user, locally or remotely** situated.
- .....

### Team-share and monitor market sensitive information:

E.g. *Crude Tanker Messaging template: daily rumour, fixtures and info...*
